

RE-USING STAMPS.

Many Persons in Mantanzas Were Arrested, Among Them Are Several Merchants.

ONLY A SMALL FINE IN SUCH CASES.

Senor Gonzales De Quesada Appointed Special Commissioner for Cuba at Washington, Salary \$5,000.

An Immense Abuse of the Franking Privilege Cuba—There Are 300 Persons in All Who Use the Frank for Personal Correspondence.

HAVANA, June 8.—Maj. Rathbone, the director of posts, has discovered an immense abuse of the franking privilege. Every official in the island owns one. There are about 300 persons in all who are using the frank for personal communications and those of friends. The letters of alcaldes and police captains in the various villages are sent under franks in envelopes inclosing franked envelopes for replies. The postmasters have been ordered to keep a strict record of the franked mails handled for a week and to estimate for revenue the loss in this way. Many parties have been arrested in Mantanzas for re-using stamps, and among them are several prominent merchants. The Spanish law provides for only a small fine in such cases, unless the offense is in frequent commission, and consequently there has been no let up in the practice under the new regime. Maj. Rathbone, however, has in hand a draft postal code for Cuba similar to that in force in the United States and, as soon as Gen. Brooke has given his approval, this will go into effect.

Gov. Gen. Brooke issued orders Wednesday appointing Senor Gonzales D. Quesada special commissioner for Cuba at Washington at a salary of \$5,000. Those who believe that the policy followed by Gen. Gomez, though one-sided and they include a majority of the most prominent Cubans in Havana—most pleased with this appointment considering it a just reward of years of faithful service. On the other hand the former members of the military assembly and those who all ways oppose everything the government does, complain bitterly, saying that the appointment is an intentional insult, on the ground, as they allege, that Senor De Quesada is a traitor to the real interests of the island, which will not be safe until he has been expelled also that he is an American in his ideas, holding views which are not suited to Cuba.

Gen. Gomez and his advisers held a conference Wednesday night. The proceedings were brief and of no special importance. He is still weak and suffering the effects of long strain and worry. Senor Nolasco, his secretary, says that Gen. Gomez, though he desires to visit San Domingo, is even more anxious to see the Cubans and the Spaniards reconciled and united, with a view to promotion of the political and commercial prosperity of the island.

Gen. Gomez refers to the lynching of Jose Labregat at San Antonio de los Baños by the Cubans as an outrage, and declares that if in the days of his command Cuban soldiers had been implicated in such an act, they would have been promptly hung.

Poisoned Beer.
MILWAUKEE, Wis., June 8.—Mrs. Mary Edgar, aged 65, is dead, and Mrs. J. Ellenwood, 45, and Joseph Morrissey, 65, are said to be dangerously ill from drinking beer Wednesday night in Silver City, a suburb of Milwaukee. A little girl was sent to a neighboring saloon with a pail for beer, and it is said another pail of similar appearance was substituted by an acquaintance of the three, who is suspected of doctoring the fluid. The police are after the suspects.

Died From the Heat.
NEW YORK, June 8.—A man believed to be J. Meyer, a citizen of Cleveland, O., was found at Light street, near St. Johns lane, unconscious and suffering from the heat Wednesday. He died at the hospital Wednesday night without regaining consciousness. He was about 300 pounds in weight, 5 feet 8 inches in height and had brown hair and eyes.

Mosquito Indians Rebel.
KINGSTON, Jamaica, June 8.—Mail advices from the Mosquito coast say the Indians there have rebelled against the government of Nicaragua, taking the war path, and are sending a delegation to invite the British to intervene in the rising, which it is added will receive financial support from the foreign residents of the Mosquito coast.

Two Men Drowned.
ST. LOUIS, June 8.—A special from San Antonio, Tex., says: Hobart Higgins and a companion named Lastmore, who had come to Texas from Kansas for their health, were drowned Wednesday while attempting to cross the Guadalupe river near Kerrville. Their bodies have been recovered.

PARIS, June 8.—Madame Dreyfus has received the following telegram from her husband: "Leave Friday. Await with joy moment when I kiss you."

A DESTRUCTIVE WATERSPOUT.

An Immense Amount of Damage at Marble Falls—Property on Thirty Miles of River Front Damaged.

ARLINGTON, Tex., June 8.—As a result of the terrible water spout and exceedingly heavy rains Tuesday night on the upper water sheds, the Colorado river is raging out of its banks. Reports from Marble Falls and Llano, 30 miles above, show a 25 foot rise there, doing great damage to property all along the river.

The cotton mill at Marble Falls suffered considerable damage, high water destroying the mill's race and tearing out all the southern portion of the mill. The water works, the river bridge and other property to the amount of \$25,000 was damaged. Between here and there there are 30 miles of river front which has been washed and torn. All day long the torrent rose and Wednesday night debris was pouring down the river by the carload. Small houses, which have been built from their insecure moorings along the river front, are seen floating far out in the stream, though the inmates have escaped, as there is no sign of life about the cottages. There is great damage reported to crops and farms along the river front.

The water began to rise here about 1 o'clock Wednesday afternoon, and by Wednesday night had gone up 12 feet and is still rising. The great dam and power house at this place is in danger of being washed away. The water is pouring over the great 1,200-foot dam spanning the river in a solid sheet of mud and debris 12 feet deep and roaring so as to be heard for several miles. All below this city, which is located at the foot of the range of mountains, this flood is rapidly forcing its way into the lowlands, submerging them and causing much anxiety as to the safety of the people living in close proximity to the river. Word has been sent on down the river to the people to take to the higher lands, and up to dark Wednesday night there was no lives lost, though there has been considerable loss of stock and property.

BIG FIRE IN AUGUSTA, GA.

Half a Block on Broad Street, Near Monmouth, Burned, Loss Estimated at About a Quarter of a Million Dollars.

AUGUSTA, Ga., June 8.—The largest fire in Augusta's history in many years burned over the same district that was swept seven years ago when the Augusta Chronicle was destroyed. Several buildings that escaped at that time are now smoking ruins. The losses aggregate a quarter of a million dollars.

The fire started in the drug store of Davenport & Phinney, a Negro, who was mixing a lot of Venice turpentine, which is a hot resin melted and mixed with turpentine. Fire got in the pot and the flames spread so rapidly that employees in the front part of the store barely had time to escape. Savannah and Macon were telegraphed for assistance and special trains were in readiness when word was sent that the fire had exhausted itself. During the height of the excitement 10,000 rounds of cartridges in the armory, which was also burned, began to explode, and for an hour there was an incessant hail of shots. Burning embers were carried by a high wind a block away, and two or three frame buildings were burned. Three out of the houses were on fire at various times, but were fortunately saved before the flames made much headway. Bucket brigades did splendid work on top of every building for several blocks around.

Eloping Couple's Adventure.
WEBSTER CITY, Ia., June 8.—While eloping with Miss Minnie Spencer Webster, Harold, a young man, who had been wounded by the father of the young woman, he having secured a pony and pursued the fleeing couple. The charge from the old rusty gun did no serious damage, however, and while Spencer was returning home, believing that he had killed the young man who was stealing away his daughter, the wounds were dressed and the pair were married.

Boys Charged with Arson.
CHICAGO, June 8.—Four boys, Geo. Vogel, Daniel O'Brien, Harry Lang and George Kunger, were arrested Wednesday night on a charge of arson. It is claimed by the fire department that during the fire the father of the boys had started about 100 small fires with the object of stealing when the fire was under way.

WITHOUT RESULTS.

The Kruger-Milner Conference at Bloemfontein Has Come to an Abrupt End.

PAUL REFUSES TO MAKE CONCESSIONS.

Upon Receipt of the News in London Lord Salisbury and Others Held a Long Consultation.

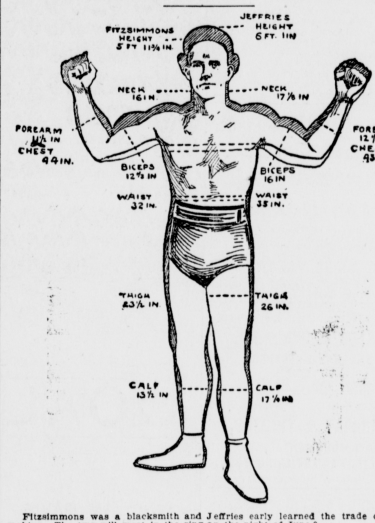

It Is Now Believed That Force Is the Only Argument That Will Appeal to the Transvaal President—Cause of the Trouble.

LONDON, June 8.—Lord Salisbury, under colonial secretary, announces that the Kruger-Milner conference at Bloemfontein broke down entirely without results.

A telegram was received Wednesday from Sir Alfred Milner stating that President Kruger had obstinately refused all concessions tending toward a settlement of the Transvaal difficulties. Upon receiving the dispatch Colonial Secretary Chamberlain, Lord Salisbury and others held a long consultation concerning the failure of the negotiations, which caused a serious situation.

BLOEMFONTEIN, O. F. S., June 8.—The Kruger-Milner conference was not only without results, but was summarily broken off by Milner on account of the

stubborn attitude of President Kruger. It is believed that force is the only argument that will appeal to the Transvaal president.

LONDON, June 8.—The Kruger-Milner conference began at Bloemfontein May 31. All the questions which have been agitating the Outlanders in the Transvaal and causing strained Anglo-Boer relations for a long time past were to be decided and a final settlement was hoped for. The two vital subjects of dispute between the English and the Outlanders are the right of franchise for the Outlanders and the scope of the independence of the Transvaal.

The Outlanders demand an equitable franchise and fair representation on the ground that they own nine-tenths of the property in the Transvaal, and constitute a majority of the state. The Transvaal contends they should not share in the government of the Transvaal until they have renounced their nationality and become Transvaal subjects. The English residents, as well as the English government, pronounce preposterous.

The other point that of Transvaal independence, is a serious one, as it directly affects the relations of the British and Transvaal governments. These relations are now governed by the convention of London of 1884, by which it was laid down that the British government considered the Transvaal should conclude no treaty or engagement with any other state (excepting the Orange Free State) without the consent of Queen Victoria.

The suzerainty is falling to Kruger. Recently he granted certain dynamite concessions to German firms, which the British government considered a transgression of the London convention. Colonial Secretary Chamberlain addressed a firm note of protest to Kruger against this, and several other alleged irregularities.

To this the Boer government made reply, virtually, that England was meddling with what did not concern her.

LASTED FOR THREE HOURS.

A Cloudburst That Obliterated Everything in Its Path—Buildings Were Damaged by a Tornado.

PARKERSBURG, W. Va., June 8.—The northern part of Wood county, on Big Run, was visited by a most destructive cloudburst. The storm, which was accompanied by a strong wind and lightning, lasted three hours, and the streams in that section overflowed in a very short time, residents in the lowlands being driven from their homes. Potato patches, young corn fields, fences and everything in the path of the storm was totally obliterated. Trees were blown down and many small buildings were overturned. A residence was struck by lightning at Williamstown, but the occupants escaped. Several county bridges were swept away and destroyed.

The loss is the heaviest to the farmers and one they can not recover from this year, as the season is so far advanced that many of the crops can not be replanted in time to mature. Lightning struck the Gartlan Oil & Gas Co.'s No. 2 well in the Elk Fork field Wednesday. The rig and a flow tank were burned. Loss, \$5,000.

New Wanted From Bellamy Storer, Minister to Spain—Last Heard of He Was in Paris Several Days Ago.

WASHINGTON, June 8.—The mysterious disappearance of Bellamy Storer, accredited United States minister to Spain, is assuming a serious aspect, and the officials of the state department are at this in the latest edition.

Ralph W. Wireback, the murderer of D. B. Landis, was hanged in the jail at Lancaster, Pa., Wednesday, in the presence of several hundred persons. The drop fell at 10:15, and life was pronounced extinct 15 minutes later.

The German steamer Valdivia, from Hamburg, May 18, arrived at Colon, Colombia, Wednesday, with 129 men and officers for the German cruiser Geier, now at Panama. The old crew of the Geier will return to Germany by the Valdivia.

The statement that Adm. Dewey had arranged to visit China in October seems to have been inaccurate. Private information from the white house and Henry C. Payne, of Milwaukee, has been received, indicating that there have been no arrangements made for such a visit.

Vincent McLaughlin, publisher and editor of the Philadelphia Times, died at his home in Philadelphia at 2 o'clock Wednesday morning, June 8. McLaughlin was 34 years of age and succeeded to the ownership of the Times upon the death of his father, Frank McLaughlin, about 18 months ago.

NEWT NOTES FROM NATURE'S GREAT HIGHWAY.

The Avalon passed up last night for the headwaters of Kanawha.
The Henry M. Henley will be up tonight for Kanawha river and way points.
The Keystone State will be up tonight for Pittsburgh—the ocean get that far.

The City of Pittsburgh could get no further up than Sewickley on account of the scarcity of water. She left that place with over a hundred passengers and a good lot of freight.
Captain S. F. Dana, President of the Campbell's Creek Coal Company, of Cincinnati, is in Pittsburgh. Captain Dana said that the men who were recently at Cincinnati in the interest of the Monongahela and Ohio River Consolidated Coal and Coke Company viewed the various properties, but as far as he knew, had taken no options on the plants there that are outside of those owned by Pittsburgh owners.

The Seagoat Woodruff, which took the bridge viewers to Sewickley proceeded down the Ohio river from the place. The wheels at the Davis Island dam may be up tonight. The objections of the rivermen to the proposed Corwin and Sewickley Bridge have been met and the plans changed to suit them. A representative of the bridge company stated that the change in plan was to build a bridge, the above pier of the Sewickley end of the bridge would be placed on the bank and be so constructed as not to interfere with the landing.

RIDING ON THE RAIL!

LOOK HERE FOR DATES AND LOW RATES.

Last year in Louisville there were 3,450 deaths and 3,294 births.

Last fall I sprained my left hip while handling some heavy boxes. The doctor looked on it as a slight strain and would not say so well, but it grew worse and the doctor then said it had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drugstore and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and in a few days a small bottle cured my friends. I now recommend it to all my friends.—J. A. BARCOCK, Erie, Pa. It is for sale by J. J. Wood & Son, Druggists.
